Student Declaration: I understand that this agreement applies to any ICT equipment used while at school or on any school activity, including devices (e.g. laptops/phones) that I bring in. I understand that breaking this agreement is breaking the behaviour expectations of the school and will be treated as such. Consequences may include any of the following: disciplinary action: - stand down or suspension; ban on use of personal devices (including phones and computers); loss of access to school ICT services.

Student's Name: _____ **Room:** _____ **Date:** _____

Parent Declaration: I agree to support my child to uphold this agreement. This includes supporting them to use the school's process for handing in phones at the beginning of each day. I also understand that I am responsible for managing my child's behaviour and interactions on social media. I accept that the school has taken measures to ensure social media is blocked on the school wifi, therefore interactions that occur outside of school or on 'hidden' phones are not the responsibility of the school. In signing this agreement, I acknowledge that my child will have access to a school owned chromebook which also gives them access to Youtube. I will encourage them to respect and care for the device and to use Youtube only as the teacher directs them to.
